In 2010, FINA Aquatics World – previously published monthly – has been redesigned as the FINA Aquatics World Magazine, a 124-page treasure-trove of information, news, views and profiles from the international federations and five disciplines around the globe. We aim to produce a magazine of the highest quality that will be of benefit and interest to the worldwide swimming community. The newlook Magazine is being published six times a year, every second month, in full colour. A black-and-white results and information section is presented on eight pages.
